EXPERIENCE

Web Development Intern   February2025 - March2025
CodSoft

- Designed and developed dynamic, responsive web pages to improve UI/UX.
- Designed and deployed a personal portfolio to showcase skills and projects.
- Created an interactive landing page with a modern UI and smooth navigation.
- Hosted projects on GitHub and deployed them on Netlify for better accessibility.
- Developed essential soft skills in project management, adaptability, leadership, and a strong work ethic, contributing significantly to my professional growth.

PROJECTS

ATM System: Built an ATM simulation system with authentication and transaction processing features. Enabled secure withdrawals, deposits, and balance inquiries with error handling. Enhanced data security and improved user Experience through an intuitive interface. (Link)

Student Information System: Developed a system to manage student records with add, update, delete, and search functions. Implemented a user-friendly interface for quick access to student data. Optimized database queries to improve system performance.(Link)

Google Play Store Data Analysis: Conducted an exploratory data analysis (EDA) on 10,000+ app records using Python and Pandas. Identified patterns in user ratings, app categories, and revenue generation to derive data-driven insights. Provided recommendations for app performance optimization and market trends forecasting.(Link)

CERTIFICATES

- **TCS iON Career Edge – Young Professional:** Tata Consultancy Services Covered Communication, Soft Skills, IT Fundamentals, and Career Development modules.
- **Data Analytics Job Simulation – Deloitte (Forage):** Completed virtual projects in Data Analysis and Forensic Technology.
- Full Stack Python Certification - Naresh i Technologies
- Web Development Internship Certificate - CodSoft
- Participation Certificate - Unstop
